Safe delivery of X-Ray Tubes will be guaranteed on all shipments only when we are ordered to insure them at a premium charge of 5% added to catalogue price.

QUALITY GUARANTEED.—Specify section letter and number in ordering.

## X-Ray Tubes

F-826

F-832

F-828

F-814. GREEN &amp; BAUER'S "CLOVER LEAF" TUBE NO. 26.

This tube is especially adapted for coils of Heaviest Discharge, is fitted with a heavy iridium button on the face of the target, and will undoubtedly stand a tremendous current discharge without dropping in vacuum.

Price, 6 inch, net, \$20.00; 7 inch, net, \$35.00; 8 inch, net ..... \$30.00

F-812. GREEN &amp; BAUER'S "CLOVER LEAF" STANDARD TUBE NO. 24.

This tube is fitted with automatic regulation device, and is guaranteed to stand a heavy discharge without dropping in vacuum.

Price, 6 inch, net, \$20.00; 7 inch, net, \$25.00; 8 inch, net ..... \$30.00

F-816. GREEN &amp; BAUER'S "CLOVER LEAF" TUBE NO. 27.

This tube is especially adapted for coils of Heaviest Discharge, is fitted with a heavy iridium button on the face of the target, and will undoubtedly stand a tremendous current discharge without dropping in vacuum.

This tube is especially adapted for heavy radiographic work and will be found very durable.

It is fitted with the old style type of cathode, but may be supplied with the hollow Rex cathode, if so ordered. It is fitted to fill the requirements of physicians.

Price, 6 inch, net, \$20.00; 7 inch, net, \$25.00; 8 inch, net ..... \$30.00

F-818. GREEN &amp; BAUER'S "CLOVER LEAF" TUBE NO. 90.

This is the water cooled type of tube, and must never be used without water. It is superior in construction and is especially adapted to make a number of heavy exposures in quick succession, for treatment on heavy apparatus and for protracted fluoroscopic work.

Price, 6 inch, net, \$32.00; 7 inch, net, \$37.00; 8 inch, net ..... \$42.00

F-822. GREEN &amp; BAUER'S "CLOVER LEAF" TUBE NO. 80.

A heavy anode high frequency tube of superior construction and by far the best type of this class of tube on the market.

Price, 5 1/4 inch, net, \$18.00; 6 inch, net ..... \$20.00

F-824. GREEN &amp; BAUER'S "CLOVER LEAF" TUBE NO. 81.

A light anode high frequency tube of the same style as the No. 80, but for lighter high frequency apparatus.

Price ..... \$18.00

## VALVE TUBES.

F-826 Valve Tube, triple, net ..... \$30.00

\*F-827 Valve Tube, single, net ..... 16.00

## TREATMENT TUBES.

F-828 Treatment Tube, Caldwell's, for coil, net, \$18.00; for static machine, net ..... 15.00

F-832 Treatment Tube, Cornell's, for coil, net, \$10.00; for static machine, net ..... 9.00

Safe delivery of X-Ray tubes will be guaranteed on all shipments only when we are ordered to insure them at a premium charge of 5% added to catalogue price.

QUALITY GUARANTEED.—Specify section letter and number in ordering.

## G,3 High Frequency Electrodes

F-852 to 924

F-846

QUALITY GUARANTEED.—Specify section letter and number in ordering.

## High Frequency Electrodes

F-848

F-844

## HIGH FREQUENCY ELECTRODES AND HANDLES.

F-844	Electrode Handle, for vacuum electrodes .....	\$1 50
F-846	Fulguration Electrode, with 2 short points .....	4 00
F-848	Spray Electrode, adjustable .....	2 25

## GLASS VACUUM ELECTRODES.

F-852	Dental, insulated, Nos. 24 to 30 .....	each 1 25
F-854	Ear, insulated, No. 32 .....	1 50
F-856	Eye, single, plain, No. 12 .....	1 00
F-858	Eye, double, plain, No. 11 .....	1 00
F-862	Eye, spiral, plain, No. 16 .....	1 00
F-864	Fulguration, No. 33 .....	3 00
F-866	Mastoid, No. 23 .....	1 00
F-868	Nasal, flat, insulated, No. 1 .....	1 50
F-872	Nasal, flat, plain, No. 2 .....	75
F-874	Penis, No. 17, price varies with sizes, \$2.50 to .....	4 00
F-876	Pharyngeal, No. 22 .....	1 50
F-878	Prostatic, insulated, No. 10 .....	1 50
F-882	Rectal, plain, No. 7 .....	75
F-884	Rectal, plain, No. 9 .....	75
F-886	Rectal, insulated, No. 8 .....	1 50
F-888	Roller, No. 21 .....	2 25
F-892	Surface, No. 20 .....	75
F-894	Surface, large, concave, with concave accumulator, No. 34 .....	3 00
F-896	Surface, large, flat, with flat accumulator, No. 35 .....	3 00
F-898	Surface, fulguration accumulator, cataphoresis cup, No. 36 .....	4 00
F-902	Surface, large, spiral, No. 31 .....	2 50
F-904	Throat, insulated, No. 13 .....	1 50
F-906	Tongue, insulated, No. 14 .....	1 50
F-908	Tongue, insulated, No. 15 .....	1 50
F-912	Urethral, No. 3 .....	75
F-914	Urethral, straight, plain, No. 4 .....	75
F-916	Uterine, plain, No. 5 .....	75
F-918	Uterine, insulated, No. 6 .....	1 50
F-922	Vaginal, plain, No. 19 .....	75
F-924	Vaginal, insulated, No. 18 .....	1 50

## FLUOROSCOPES.

F-926	Fluoroscope, Scheidel-Western, lead protected, 5x7 inches .....	\$18 00
F-928	Fluoroscope, Scheidel-Western, lead protected, 8x10 inches .....	35 00
The handle on this fluoroscope is surrounded with a shield of heavy lead to protect the hand. The platinum barium cyanide screen is covered on its inner surface with a sheet of imported lead glass to protect the eyes and face. We advise operators to use a fluoroscope of this design.		
*F-932	Fluoroscope, plain, with 5x7 inch platinum barium cyanide screen .....	12 50

## SUNDRIES.

F-934	Tube Shield, Victor .....	5 50
F-936	Tube Shield, made of lead glass, highly polished .....	5 00
F-938	Conducting Cords, heavily insulated, per pair .....	1 25
F-942	Tube, unipolar, No. 1, complete with handle .....	7 25
F-944	Tube Hanger, mounted on highly finished wood base .....	1 25

QUALITY GUARANTEED.—Specify section letter and number in ordering.

## Section "H"

Deformity and Fracture Apparatus

Splints and Splint Material

Elastic Hosiery

Abdominal Supporters

Crutches, Trusses, Suspensories, Etc.

Note.—We have not sufficient space in this catalogue for the illustration and description of Artificial Limbs. Special literature on this subject will be mailed upon request.
